A Film & Discussion

TUESDAY - DECEMBER 6, 2011 - 7:00 pm

Genesis Farm - 41A Silver Lake Road, Blirstown NJ ([directions](#))

A film by Helena Norberg-Hodge, Steven Gorelick & John Page

This film demonstrates that millions of people across the world are already engaged in building a better world— that small scale initiatives are happening on a large scale. The film shows that countless initiatives are united around a common cause: rebuilding a more democratic human scale, ecological and local economies - the foundation of an 'economics of happiness'. The film features a chorus of voices from six continents calling for systemic economic change including David Korten, Bill McKibben, Vandana Shiva, Rob Hopkins, Richard Heinberg, Juliet Schor, Michael Shuman & Helena Norbert-Hodge.

Transition Newton is a grassroots organization in Newton, NJ concerned about the affects of climate change, peak oil and economic instability. Our goal is to foster the development of resilient localized community.

NO COST / DONATIONS WELCOMED

The **Foodshed Alliance** is a grassroots, non-profit devoted to promoting profitable, sustainable farming and locally-grown, fresh, healthy food in northwestern New Jersey. We believe that the future of our health, our land, and our communities depends, to great extent, on the existence of local farms—that farmers are the keystone to our connection with our food, the land and our sense of place. It is this conviction that drives us to work, with farmers, consumers, and agricultural professionals to foster a self-sustaining "Foodshed" that supports farmers, nourishes people, respects the land, and strengthens our communities.
